2. The Chief Executive Officer be authorised to give public notice of the adoption of such budget;
3. All person that lodged submissions be thanked for their interest and a written response be forwarded to all submitters advising that the budget has been adopted with amendments and responding to the matters raised in their individual submissions;
4. A general rate be declared in respect of the 2019-20 financial year and that the general rate be raised by the application of differential rates;
5. In accordance with section 4(4) of the Recreational Lands Act 1963, the amount of rates payable in respect of each of the rateable land to which that Act applies be determined by multiplying the capital improved value of that rateable land by .2083% (or 0.2083 cents in the dollar of capital improved value);
6. That council adopt the fees and charges for 2019-20 included within the budget
7. An annual service charge be declared in respect of 2019-20 financial year for the collection and disposal of refuse and that this charge be set at of \$283.70 for land (or part) in respect of which any annual service charge may be levied, and be based on the criterion of location within council's municipal district
8. An annual service charge be declared in respect of 2019-20 financial year for the collection of green waste and that this charge be in the sum of \$123.16 for land (or part) supplied with a green waste collection service
9. All rates and charges be paid in four instalments, in accordance with section 167(1) of the Local Government Act 1989;
10. If any rates and charges are not paid by the date on which they are due, interest be paid by the person liable to pay them in accordance with section 172 of the Local Government Act 1989;
11. The Executive Manager Office of the CEO be authorised to levy and recover the general rates, annual service charges and interest in accordance with the Local Government Act 1989.

EXECUTIVE SUMMARY

To formally consider the Budget for the 2019-20 financial year and to resolve on the submissions received. It is proposed to amend the budget to take into account several of the submissions received. It is also necessary to adjust the rate in the dollar figures for the various differential rating categories and the total amount of the rates to be received following receipt of the final (Stage 4) valuation figures to ensure that the total rates to be received are kept under the rate cap of 2.5%.

BACKGROUND

At the Council Meeting held on Monday 15 April 2019, Council resolved to give public notice of the preparation of the budget for the forthcoming financial year and the advertising undertaken indicated that the Council would consider a recommendation to adopt the Budget at this meeting.

Any persons that lodged a submission regarding the Draft Budget or Council Plan were given the opportunity to speak to their submission at a Special Council Meeting held on Monday 27 May 2019.

Council is therefore now in a position to formally resolve on the budget.

POLICY IMPLICATIONS

Nil

RELEVANCE TO COUNCIL PLAN

The budget for the forthcoming financial year has been prepared on the basis of delivering the Council Plan activities.

CONSULTATION/COMMUNICATION

The appropriate public notice has appeared advising that the draft budget was available for inspection at the Civic Centre and at the Pakenham, Emerald and mobile libraries as well as on the Council's website seeking comment and submissions.

At the closing date for the lodgement of submissions on the Proposed Budget 2019-20 nine submissions had been received. Those persons who wished to speak in support of their submission were provided with this opportunity at a Special Council Meeting held on Monday 27 May 2019.

In addition to the normal channels for submitting a budget submission (email, post and hand delivery), an eForm was created and was available on Council's website to allow online submissions.

Written submissions were received from:

Name	Details
Pauline Murphy - Emerald Museum & Nobelius Heritage Park	Requesting \$20,150 to cover 2019-20 operating costs. Also flag their interest in purchasing a 'touchscreen' at a cost of \$7,000 to provide an up-to-date resource for visitors to the Museum.
Proposed response:	

<p>The annual maintenance budget of \$20,150 to cover current operating costs such as internet and phone, insurances, utility costs, cleaning and security has been included as part of the 2019-20 budget. The request for additional funding for an interactive touch screen has not been included in the budget, however the Committee is encouraged to apply for a Heritage Grant to possibly help fund this project.</p>	
Robert Elston – Cricket Victoria	<p>Request that the \$10k included in the 2019-20 budget for the cricket practice net renewal program be increased to \$80-100k. The current \$10k is inadequate to repair dilapidated net facilities which Cricket Victoria have identified at Cardinia Recreation Reserve and Catani Recreation Reserve. Investments by clubs and Council could also be used to leverage funding from the Australian Cricket Infrastructure Fund.</p>
<p>Proposed response: Council appreciates the support of Cricket Victoria for its cricket practice wicket renewal program and the information Cricket Victoria has provided regarding the practice wickets it believes are the priority for renewal and the cost estimate for such renewals. The \$10,000 funding allocated in Council's 2019-20 draft Capital Works Program is for the cost of removal of an existing set of cricket nets only. It is proposed that funding of the level Cricket Victoria has suggested will then be requested through the capital works program in years 2020-21 onwards to implement a program of the renewal of one set of cricket wickets per annum. Council looks forward to working with Cricket Victoria to implement this important renewal program.</p>	
Karen Benson - Cockatoo Country Market	<p>Fees for use of public spaces. Community groups should not be charged these fees. Potentially increase fees for commercial for-profit organisations.</p>
<p>Proposed response: Council supports the budget submission to request that only for-profit and commercial organisations be charged for the use of passive reserves and for use of reserves for markets (excluding Emerald Lake Park) as it supports community groups and the activation of Council reserves and this will be implemented in the 19/20 budget</p>	
Amelia-Rachel Pattison	<p>Form only. No written submission.</p>
<p>Proposed response: Thank-you for your submission.</p>	
Emma Ramage	<p>Requests sealing of Riverside Avenue Bunyip through to Henry Road and up to A'Beckett Road.</p>
<p>Proposed response: Council is committed to improving the unsealed road network and uses several criteria to assist in prioritising works. Riverside Avenue to A'Beckett Road is not currently on the works program. For Riverside Ave to be sealed it would fall under a special charge scheme project requiring funding by adjoining benefiting land owners. Council officers will include Riverside Road on the forward Special Charge Scheme program list for consideration in future budgets and will require substantial support from other property owners abutting Riverside Ave should it become a priority.</p>	
Bryan Scott Nimmo - Pakenham Little Athletics Club	<p>The detailed design of Stage 3 of the IYU Recreation Reserve (the all-weather athletics facility - including the track, pavilion, storage and landscaping) be included in Cardinia Shire Council's Budget for the</p>

	2019-20 Capital Works Budget. Move of \$150k from 2022-23 to 2019-20.
<p>Proposed response: Council supports the request by the Pakenham Little Athletics Club to bring the design funding for the new athletics facility at IYU Reserve forward into the 2019-20 capital works program for the following reasons:</p> <ul style="list-style-type: none"> - the development of a new athletics facility at IYU is consistent with the IYU Recreation Reserve Masterplan; and - by preparing the updated detailed design Council will then have current plans to use to apply for funding from other levels of government. 	
Howard Winter - Worrell Reserve	Funding for the installation of oval lighting at Worrell Reserve should be included in the 2019-20 budget. Lighting cost is part of \$270k which the submitter has been advised is the estimated cost for four unfunded items
<p>Proposed response: Council supports an amended version of the request by the Committee for Council to allocate funding to the 2019-20 capital works program to undertake outstanding items from the recent oval redevelopment project at Worrell Reserve.</p> <p>Council supports allocating \$234,000 in the 2019-20 FY capital works program to implement:</p> <ul style="list-style-type: none"> • High ball nets ; • Oval lighting; and • Coaches Boxes x 2 	
Gareth Sheean - Officer Recreation Reserve	Request that funding be placed inside the 2019-20 Capital Works budget to satisfactorily complete the oval redevelopment at Officer Recreation Reserve including high ball nets, AFL goal posts, lighting, landscaping and concrete footpaths. Estimate of \$324k to complete all projects.
<p>Proposed response: Council supports an amended version of the request by the Committee for Council to allocate funding to the 2019-20 capital works program to undertake outstanding items from the recent oval redevelopment project at Officer Reserve.</p> <p>Council supports allocating \$62,000 in the 2019-20 capital works program to implement:</p> <ul style="list-style-type: none"> • High ball nets; and • new AFL goal posts. 	
Alliance for Gambling Reform	Seeking \$25,000 funding for 'The Pokies Play You – The Alliance for Gambling Reform' campaign for the 2019-20 financial year. The greatest benefit for the Shire of Cardinia of this campaign comes from working in concert with the Alliance, 20 other metropolitan councils and the partner organisations to advocate for state and national legislative reforms. The legislative changes advocated by the Shire of Cardinia and the Alliance will reduce gambling harm and disadvantage far more than is possible by councils working in isolation from each other.
<p>Proposed response:</p>	

Cardinia Shire Council is committed to reducing harm caused by gaming machines and have put in place several mechanisms to ensure that we are able to respond to applications of new machines in our municipality. We have invested a significant amount in defending our position to date and have been successful in doing so. With this in mind we need to ensure that we have adequate resources to undertake this important work and in relation to this subject matter Council will be directing any resources needed to defend our position. On consideration of this year's budget, Council has made the decision to not allocate any funds to the Alliance for Gambling Reform as they will be needed in the future to enable council to defend its position as needed.

All persons who lodged submissions will be thanked for their interest and a written response will be forwarded advising that the Budget has been adopted with amendments and responding to the matters raised in their individual submissions.

FINANCIAL AND RESOURCE IMPLICATIONS

Council must prepare and adopt a budget for the forthcoming financial year to be able to fund the various services and programs required. Any reduction in revenue or increase in expenditure would require corrections to be made to the 2019-20 Budget document.

CONCLUSION

Having complied with the Local Government Act provisions and considered the submissions received Council is in a position to formally resolve on the Budget for the 2019-20 financial year and resolve on the submissions received.

Executive Summary

Council has prepared a Budget for 2019-20 which is aligned to the vision in the Council Plan. It seeks to maintain and improve services and infrastructure as well as deliver projects and services that are valued by our community, and do this within the rate increase mandated by the State Government.

1. Rate rise

General rates are to increase by 2.5% for the 2019-20 year. This raises total rates of \$81.265m, including \$1.4m generated from supplementary rates. The rate increase for the 2018-19 year was 2.25%.

Refer to Section 4.1.1 for further Rates and Charges details.

2. Result

The projected result for 2019-20, before adjusting for capital and other once-off items, is a surplus of \$87.583m, which is \$9.953m higher than the 2018-19 forecast. The adjusted underlying result is the net surplus or deficit for the year adjusted for capital grants, contributions of non-monetary assets and other once-off adjustments. It removes the impact of non-recurring or once-off items of revenues and expenses. The budgeted adjusted underlying result for the 2019-20 year is a surplus of \$4.144m which is \$1.097m higher than the 2018-19 forecast.

Refer to Sections 3 and 4 for further information on the operating budget.

3. Capital Works

The proposed capital works program for 2019-20 totals \$61.002m, compared to \$67.431m forecast for 2018-19. The program is funded by Council cash of \$27.505m, grants and contributions of \$19.562m and \$10.935m respectively, and \$3.0m of borrowings. \$30.865m is budgeted for infrastructure works (which includes recreation, leisure and community facilities, as well as roads, drains, footpaths and parks, opens space and streetscapes), \$27.251m for property (land and buildings) and \$2.885m for plant and equipment.

New projects in the capital works program total \$28.728m, the major projects including land acquisitions \$6.236m, James Bathe Recreation Reserve \$5.572m, McGregor Road and freeway interchange \$3.0m, Lang Lang recreation facility \$2.7m, Comely Banks reserve pavilion \$2.5m and Koo Wee Rup High School sports facilities upgrade \$2.021m. In addition, \$28.192m is budgeted for asset renewal and upgrade projects, including \$4.744m for road renewals (resurfacing, resheeting and resealing) and \$1.9m for plant replacement. Budgeted asset expansion projects total \$4.082m.

The Statement of Capital Works can be found in Section 3 and further details on the 2019-20 capital works program can be found in Section 4.5.

A detailed listing of the budgeted projects for 2019-20 is in Appendix B. This list also includes the funding sources for these projects.

4. Budget Influences

External Influences

In preparing the 2019-20 budget, a number of external influences have been taken into consideration because they are likely to impact significantly on the services delivered by Council in the budget period. These include:

- Lower rate environment - The overall financial impact of the lower rate environment has lead Council to review it services and capital works program and to source alternative funding.
- Cost Shifting - this occurs where Local Government provides a service to the community on behalf of the State or Federal Government. Over time the funds received by Local Governments do not increase in line with real cost increases. An example of this is Maternal & Child Health, where the level of payment received by Council from the State Government does not reflect the real cost of providing the service to the community.
- Councils across Australia raise approximately 3% of the total taxation collected by all levels of Government in Australia. In addition Councils are entrusted with the maintenance of more than 30% of all Australian public assets including roads, bridges, parks, footpaths and public buildings. This means that a large proportion of Council's income must be allocated to the maintenance and replacement of these valuable public assets in order to ensure the quality of public infrastructure is maintained at satisfactory levels.
- Population growth will continue to place significant stress on Council's resources.
- Recycling - continued uncertainty within the recycling industry in regards to the processing of recyclables.
- Natural Disasters - these are occurrences of which the timing is unknown. Whilst Council does significant work on prevention and recovery, these events do have a significant impact on Council's resources. The most recent of these has been the bushfire in March 2019 at Bunyip State Park.
- 2019 Federal election - funding for seven major projects was announced, totalling \$63.508m over the four year budget and Strategic Resource Plan period. Timing of the funding allocation is subject to final written agreements from the Commonwealth Government.

Internal Influences

As well as external influences, there are also internal influences which are expected to have an impact on the preparation of the 2019-20 budget. These include;

- Continued demands on Council resources for the renewal of existing assets; and
- The value of developer contributed assets and completed capital works together with an increase in the value of existing assets which have led to a significant increase in depreciation expense.

5. Rounding

Unless otherwise stated, amounts in the budget have been entered in whole dollars and cents then rounded to the nearest thousand dollars. Total figures in the financial statements and accompanying notes and schedules reflect the true budgeted amount and may differ slightly when rounded figures are manually added due to rounding.

I. Link to the Council Plan

This section describes how the Annual Budget links to the achievement of the Council plan within an overall planning framework. This framework guides the Council in identifying community needs and aspirations over the long term (Vision), medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Audited Statements).

I.1.1 Strategic planning and accountability framework

Council's strategic planning framework is designed to deliver key outcomes for the community in a financially sustainable manner. The Council Plan is prepared with reference to Council's vision.

Council determines the key outcomes it would like to achieve which form the basis of the four year Council Plan.

The Strategic Resource Plan, included in the Council Plan, summarises the financial and non-financial impacts of the objectives and strategies and determines the sustainability of these objectives and strategies. The Annual Budget is then framed within the Strategic Resource Plan, taking into account the services and initiatives included in the Annual Budget which contribute to achieving the strategic objectives specified in the Council Plan. The diagram below depicts the planning and accountability framework that applies to local government in Victoria.

Source: Department of Transport, Planning and Local Infrastructure

The timing of each component of the planning framework is critical to the successful achievement of the planned outcomes. The Council Plan, including the Strategic Resource Plan, is required to be completed by 30 June following a general election and is reviewed each year in advance of the commencement of the Annual Budget process.

I.1.2 Key planning considerations

Service level planning

Although councils have a legal obligation to provide some services, such as animal management, local roads, food safety and statutory planning, most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

1.2 Our purpose

Our Vision

Cardinia Shire will be developed in a planned manner to enable present and future generations to live healthy and productive lives and to enjoy the richness of the diverse and distinctive characteristics of the Shire.

Our Commitment

Council will provide leadership, including community engagement with stakeholders, to ensure the long-term sustainability of our communities and townships. We will be mindful of the social, environmental and economic impacts of our decisions and ensure future generations benefit from our decisions. We will practise good governance and meet recognised standards of excellence. Council will work diligently to achieve excellence in every aspect of our activities.

Our Values

Underpinning Council's Human Resources Strategy, our values framework considers how staff work as individuals, across the organisation, and with the local community.

The framework also supports Council's vision with the five key values:

- Teamwork
- Respect
- Accountability
- Communication
- Customer focus

Each of these values includes four key behaviours to demonstrate and call to account the way staff behave each day at work.

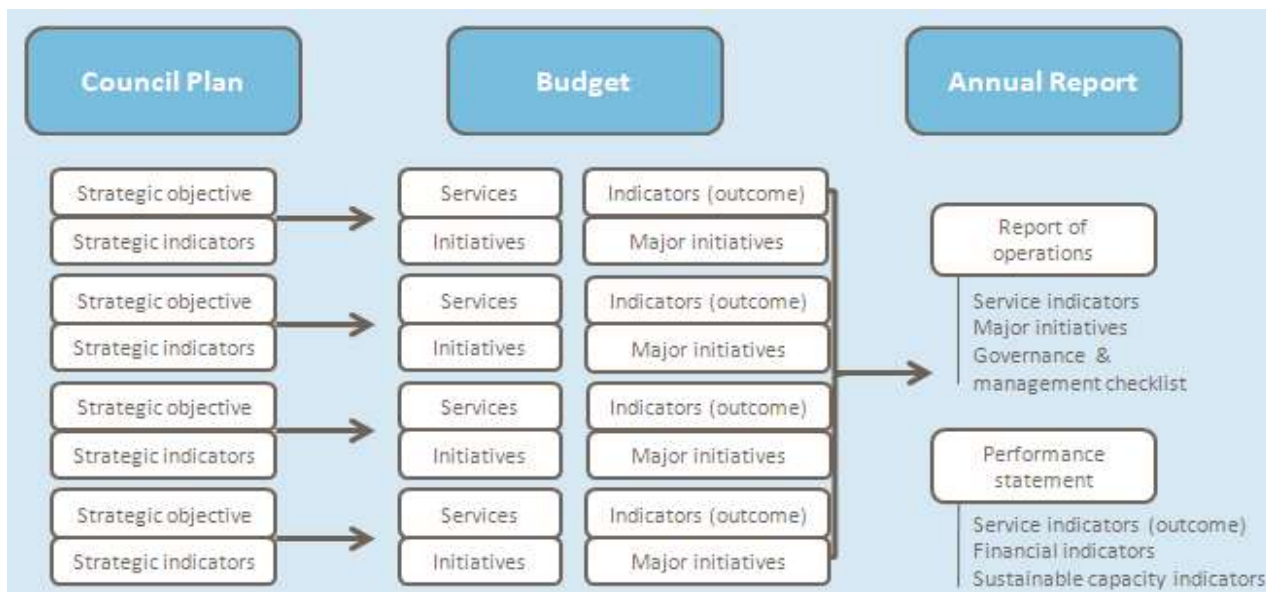

1.3 Strategic Objectives

The Council delivers activities and initiatives under 66 major service area categories. Each contributes to the achievement of the Council's Vision as set out in the Council Plan. In addition, Council has identified five Strategic Objective Areas for the 2019-20 year, which are an integral part of achieving the Council Plan. The Annual Budget converts these activities and initiatives into financial terms to ensure that there are sufficient resources for their achievement. The following table lists the Strategic Objectives as described in the Council Plan.

Key Performance Area	Description
1. Our People	We support a variety of needs and lifestyles through programs and activities that promote and develop the wellbeing of Cardinia Shire's people.
2. Our Community	We will foster a strong sense of connection between Cardinia Shire's diverse communities.
3. Our Environment	We will continue to plan and manage the natural and built environment for present and future generations.
4. Our Economy	We will create and support local employment and business opportunities for our community and the wider region.
5. Our Governance	We will consult with the community, as appropriate, in an open and accountable way to help in determining the key direction of Council.

2. Services and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2019-20 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

Source: Department of Environment, Land, Water and Planning

Unless otherwise stated, amounts in the budget have been entered in whole dollars and cents then rounded to the nearest thousand dollars. Total figures in the financial statements and accompanying notes and schedules reflect the true budgeted amount and may differ slightly when rounded figures are manually added due to rounding.

2.1 Strategic Objective 1: Our People

Goal: To support a variety of needs and lifestyles through programs and activities that promote and develop the wellbeing of Cardinia Shire's people.

3. Financial Statements

This section presents information in regard to the Financial Statements and Statement of Human Resources. The budget information for the year 2019-20 has been supplemented with projections to 2022-23 extracted from the Strategic Resource Plan.

This section includes the following financial statements prepared in accordance with the *Local Government Act 1989* and the *Local Government Planning and Reporting Regulations 2014*.

Statement of Human Resources

Pending Accounting Standards

The 2019-20 budget has been prepared based on the accounting standards applicable at the date of preparation. This means that pending accounting standards that will be in effect from the 2019-20 financial year have not been considered in the development of the budget.

Standards that are likely to impact on the 2019-20 financial statements, not considered in the preparation of the budget include:

- *AASB 16 Leases*
- *AASB 15 Revenue from Contracts with Customers*, and
- *AASB 1058 Income of Not for Profit Entities*.

While it is not possible to determine the precise impact of these standards at this time, the broad impact on Council is estimated to be as follows:

- *AASB 16 Leases* – Introduces a single lessee accounting model whereby the Council will be required to recognise a right of use asset and associated liability for leases longer than 12 months, except those considered to be of low value.
- *AASB 15 Revenue from Contracts with Customers* and *AASB 1058 Income of Not for Profit Entities* – Change the way that Councils recognise income and also address matters such as grant funding, contribution of assets and volunteer services. A key change is replacement for some transactions of the criteria of control as a determinant of the timing of income recognition, with the criteria of satisfying performance obligations in an enforceable agreement. These new standards have the potential to impact the timing of how the Council recognises income.

Unless otherwise stated, amounts in the budget have been entered in whole dollars and cents then rounded to the nearest thousand dollars. Total figures in the financial statements and accompanying notes and schedules reflect the true budgeted amount and may differ slightly when rounded figures are manually added due to rounding.

4. Notes to the financial statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

Unless otherwise stated, amounts in the budget have been entered in whole dollars and cents then rounded to the nearest thousand dollars. Total figures in the financial statements and accompanying notes and schedules reflect the true budgeted amount and may differ slightly when rounded figures are manually added due to rounding.

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's annual budget.

In developing the Strategic Resource Plan, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the Strategic Resource Planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2019-20 the FGRS cap has been set at 2.5%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate will increase by 2.5% in line with the rate cap.

The garbage charge for 2019-20 is budgeted to stay at the same amount as in 2018-19, which is \$283.70. The charge for the optional green waste service is budgeted to increase by \$6.16 (5.3%) from \$117.00 to \$123.16.

This will raise total rates and charges for 2019-20 of \$97.299m, which also includes interest on rates and charges, compared to a forecast of \$90.381m in 2018-19.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	Forecast 2018-19 \$'000	Budget 2019-20 \$'000	Change \$'000	%
General rates*	74,565	79,788	5,223	7.0%

4.1.1(j) Fair Go Rates System Compliance

Cardinia Shire Council is required to comply with the State Government's Fair Go Rates System (FGRS). The table below details the budget assumptions consistent with the requirements of the Fair Go Rates System.

	2018-19	2019-20
Total Rates (\$'000)	\$ 73,014	\$ 77,845

*2018-19 adjusted down by \$53k for rate adjustment required to comply with rate cap.

4.1.1(k) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations;
- The variation of returned levels of value (e.g. valuation appeals);
- Changes of use of land such that rateable land becomes non-rateable land and vice versa; and
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.1(l) Differential rates

Rates to be levied

The rate and amount of rates payable in relation to land in each category of differential are:

Type or class of land	Budget	Budget
	2018-19	2019-20
	cents/\$CIV	cents/\$CIV
Base Rate	0.2728	0.2777
Agricultural Land	0.2048	0.2083
Urban Rate	0.2893	0.2945
Urban Vacant Land	0.6249	0.6363
Urban Commercial and Industrial	0.3958	0.4030
Urban Agricultural Land	0.2320	0.2361
Lakeside Residential	0.2948	0.3001
Lakeside Vacant Land	0.6367	0.6484
Cultural and Recreational Land	0.2048	0.2083

Council considers that each differential rate will contribute to the equitable and efficient carrying out of council functions. Details of the objectives of each differential rate, the types of classes of land, which are subject to each differential rate and the uses of each differential rate, are set out below.

Base Rate

Base Rate applies to any land which does not have the characteristics of:

Agricultural Land
Urban Land
Urban Vacant Land
Urban Commercial and Industrial
Urban Agricultural Land
Lakeside Residential
Lakeside Vacant Land

Objective:

The objective of the rate is to ensure owners of land having the characteristics of Other Land make an equitable financial contribution to the cost of carrying out Council's functions.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the expiry of the 2018-19 financial year.

Agricultural Land

Agricultural Land is any rateable land:

- which is or exceeds 40 hectares in area;
- is 'farm land' within the meaning of section 2(1) of the *Valuation of Land Act 1960*; and
- is used by a business which is likely to generate a turnover of \$25,000 or more during the financial year.

Objective:

The objective of the rate is to:

- assist in the maintenance of farming activities within areas eminently suited for that purpose; and
- discourage the proliferation of non-agricultural activities on soil of high Agricultural value by protecting the social characteristics of the rural community from the encroachment of urban-type development.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the expiry of the 2018-19 financial year.

Urban Land

Urban Land is any land:

- which is located within the Urban Growth Corridor and the Employment Corridor and does not have the characteristics of:

- Urban Vacant land
- Urban Commercial and Industrial
- Urban Agricultural Land
- Lakeside Residential
- Lakeside Vacant Land

Objective:

The objective of the rate is to ensure owners of land having the characteristics of Urban Land make an equitable financial contribution to the cost of carrying out Council's functions.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the expiry of the 2018-19 financial year.

Urban Vacant Land

Urban Vacant Land is any land:

- on which no dwelling or other building designed or adapted for occupation is constructed; and
- which is located within the Urban Growth Corridor.

Objective:

The objective of the rate is to encourage development for residential purposes.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Urban Commercial and Industrial Land

Urban Commercial and Industrial Land is any land:

- which is used primarily for commercial or industrial purposes; and
- which is located within the Urban Growth Corridor and Employment Corridor.

Objective:

The objective of the rate is to encourage commerce and ensure that the owners of the land having the characteristics of Urban Commercial and Industrial Land make an equitable financial contribution to the cost of carrying out Council's functions.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the expiry of the 2018-19 financial year.

Urban Agricultural Land

Urban Agricultural Land is any rateable land:

- which is or exceeds 40 hectares in area;
- is 'farm land' within the meaning of section 2(1) of the *Valuation of Land Act 1960*; and
- is used by a business which is likely to generate a turnover of \$25,000 or more during the financial year.

Objective:

The objective of the rate is to encourage commerce and ensure that the owners of the land having the characteristics of Urban Agricultural Land make an equitable financial contribution to the cost of carrying out Council's functions.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the expiry of the 2018-19 financial year.

Lakeside Residential

Lakeside Residential Land is any land:

- any land located within the Pakenham Lakeside Subdivision north of the railway line; and
- is currently used primarily for residential purposes.

Objective:

The objective of the rate is to ensure owners of land having the characteristics of Lakeside Residential Land make an equitable financial contribution to the cost of carrying out Council's functions.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the expiry of the 2018-19 financial year.

Lakeside Vacant Land

Lakeside Vacant Land is any land:

- on which no dwelling or other building designed or adapted for occupation is constructed; and
- which is located within the Lakeside Pakenham Subdivision north of the railway line.

Objective:

The objective of the rate is to encourage development for residential purposes.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the relevant Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the relevant Planning Scheme.

4.1.2 Statutory fees and fines

	Forecast	Budget	Change	
	2018-19	2019-20	\$'000	%
	\$'000	\$'000	\$'000	%
Infringements and costs	1,145	1,255	110	9.6%

Land information certificates	125	125	0	0.0%
Permits	1,675	1,654	(22)	(1.3%)
Total statutory fees and fines	4,914	5,022	109	2.2%

Statutory fees and fines relate mainly to fees and fines levied in accordance with legislation and include animal registrations, Health Act registrations and parking fines. Increases in statutory fees and fines are made in accordance with legislative requirements.

Revenue from statutory fees and fines are forecast to increase by \$109k or 2.2% over 2018-19. Most of this is attributable to statutory fines, including Animal Control, Local Laws and Planning Enforcement.

4.1.3 User fees

	Forecast	Budget	Change	
	2018-19	2019-20	\$'000	%
	\$'000	\$'000	\$'000	%
Aged and health services	50	52	2	3.0%

Child care/children's programs	329	275	(55)	(16.6%)
Parking	80	136	56	70.6%
Registration and other permits	214	362	147	68.7%
Building services	592	576	(16)	(2.7%)
Other fees and charges	253	342	89	35.2%
Total user fees	2,880	3,625	745	25.9%

User fees relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. These include income from section 86 committees, the use of leisure, entertainment and other community facilities. In setting the budget, the key principle for determining the level of user charges has been to ensure that user charges are at market levels.

Revenue from user fees is projected to increase by \$745k or 25.9% over 2018-19. The main area contributing to this are an increase leisure centres and recreation, which includes Cardinia LiFE and Cardinia Cultural Centre.

4.1.4 Grants

Grants are required by the Act and the Regulations to be disclosed in Council's annual budget.

	Forecast 2018-19 \$'000	Budget 2019-20 \$'000	Change

Total capital grants	10,042	19,562	9,520	94.8%
Total Grants	23,657	33,899	10,242	43.3%

Operating grants include all monies received from State and Federal sources for the purposes of funding the delivery of Council's services to ratepayers. Overall, the level of operating grants is expected to increase by 5.3% or \$722k over 2018-19. This is mainly relates to the financial assistance grants received from the Commonwealth Government through the Victoria Grants Commission (VGC), and funding for rehabilitation works required as a result of the March 2019 bushfire event, also from the Commonwealth Government.

Capital grants include all monies received from State and Federal sources for the purposes of funding the capital works program. Budgeted capital grants have increased by \$9.520m or 94.8% compared to 2018-19. In total, \$19.562m of capital grants are budgeted, of which, \$9.858m relates to recently announced grants from the Commonwealth Government - refer further information below. The more significant budgeted grants for 2019-20 are \$3.0m for freeway ramps at McGregor Road Pakenham, \$2.5m for the sealing of roads in the hills area, a total of \$2.146m from Roads to Recovery and Victoria Grants Commission for local roads, \$1.6m for the integrated children's facility at Timbertop Estate Officer, and \$1.5m for both the Lang Lang recreation facility and Toomuc Reserve Pakenham senior pavilion.

Grant funding totalling \$63.508m over the four year budget and Strategic Resource Plan period for seven major projects was announced in the lead up to the 2019 Federal Election. Timing of the funding allocation for these projects is subject to final written agreements from the Commonwealth Government. Refer to Appendix B for further information on these seven projects, which have been notated with in asterisk (*).

4.1.5 Contributions

	Forecast	Budget	Change	
	2018-19	2019-20	\$'000	%
	\$'000	\$'000	\$'000	%
Monetary	12,814	18,240	5,426	42.3%
Non-monetary	52,962	45,000	(7,962)	(15.0%)
Total contributions	65,776	63,240	(2,536)	(3.9%)

Contributions relate to monies paid by non-government third parties for the purpose of funding the delivery of Council's services to ratepayers.

Revenue from contributions is projected to decrease by \$2.536m or 3.9% compared to 2018-19. This is primarily due to a decrease in the value of developer contributed assets (roads, footpaths, bridges and drains), which has been partly offset by an increase in developer levies and capital cash contributions.

4.1.6 Net gain/(loss) on disposal of property, infrastructure, plant and equipment

	Forecast	Budget	Change	
	2018-19	2019-20	\$'000	%
	\$'000	\$'000	\$'000	%
Net proceeds received by Council	1,526	5,753	4,227	277.0%
Written down value of assets disposed	(2,540)	(4,766)	(2,226)	87.6%
Total contributions	(1,014)	987	2,001	(197.4%)

Net gain/(loss) on disposal of property, infrastructure, plant and equipment relates to income received by Council from the sale of assets, in particular land and plant, and the recognition of the written down value of assets disposed.

The 2018-19 forecast is a loss due to the written down value of infrastructure assets (including roads, footpaths, bridges and drains). The budgeted gain in 2019-20 is due to a surplus from the sale of land.

4.1.7 Other income

	Forecast 2018-19 \$'000	Budget 2019-20 \$'000	Change	
			\$'000	%
Interest	1,770	1,823	53	3.0%
Other recoveries	1,955	1,326	(629)	(32.2%)
Other	355	377	23	6.4%
Total other income	4,080	3,527	(553)	(13.5%)

Other income relates to a range of items such as cost recoveries and other miscellaneous income items, and also includes interest revenue on investments, including DCP investments.

Other income is budgeted to decrease by \$553k or 13.5% from 2018-19, primarily due to a reduction in cost recovery income.

4.1.8 Employee costs

	Forecast 2018-19 \$'000	Budget 2019-20 \$'000	Change	
			\$'000	%
Wages and salaries	32,995	35,035	2,040	6.2%
WorkCover	501	622	121	24.2%
Casual staff	504	203	(301)	(59.8%)
Superannuation	2,838	3,217	379	13.3%
Fringe benefits tax	411	417	5	1.3%
Other	22	30	8	37.1%
Total employee costs	37,272	39,523	2,251	6.0%

Employee costs include all labour related expenditure such as wages and salaries and on-costs such as allowances, leave entitlements, employer superannuation, and work cover premiums. It also includes Fringe Benefits Tax (FBT).

Employee costs are expected to increase by \$2.251m or 6.0% compared to 2018-19. This increase is primarily due to a combination of:

- Full year effect of new staff appointed during 2018-19,
- New staff appointments in 2019-20,
- An EBA increase, and
- Staff increment movements.

Overall, total budgeted EFT has increased by 19.4 from 356.1 in the 2018-19 forecast to 375.5 in the 2019-20 budget. The increase is primarily due to new staff appointments in 2019-20 from additional government and other internal funding, alternative models of service delivery, and an increase in limited tenure positions.

A summary of human resources expenditure categorised according to the organisational structure of Council is included in Section 3.6 (Statement of Human Resources).

4.1.9 Materials and services

	Forecast	Budget	Change	
	2018-19	2019-20	\$'000	%
	\$'000	\$'000	\$'000	%
Building maintenance	185	200	15	7.8%
General maintenance	2,080	2,290	211	10.1%
Office administration	144	129	(15)	(10.5%)
Information technology	2,416	1,963	(453)	(18.8%)

Contract payments				
- Waste and Garbage contracts	12,081	13,496	1,415	11.7%
- Parks and Gardens contracts	4,698	4,792	93	2.0%
- Library contract	1,966	2,165	199	10.1%
- Other Contracts	5,636	5,992	356	6.3%
Utilities	2,419	2,996	577	23.9%
Consultants	4,006	3,631	(375)	(9.4%)
Insurance	824	859	35	4.2%
Total materials and services	47,960	50,444	2,483	5.2%

Materials and services include the purchases of consumables, contractor payments for the provision of services, and utility costs. Materials and services are forecast to increase by \$2.483m or 5.2% compared to 2018-19. This is as a result of a general CPI increase, increases in costs due to the increase in population of the Shire, and the resultant increase in the number of facilities provided and services required by the additional population.

Contracts are forecast to increase by \$2.064m or 8.5% over 2018-19. The main contracts contributing to this increase are the waste and garbage contracts, primarily as a result of an increase in the volume of services.

4.1.10 Bad & doubtful debts

	Forecast	Budget	Change	
	2018-19	2019-20	\$'000	%
	\$'000	\$'000	\$'000	%
Local laws	137	137	0	0.0%
Other	64	39	(25)	(38.9%)
Total Bad & Doubtful debts	201	176	(25)	(12.5%)

Bad and doubtful debts are projected to reduce by \$25k or 12.5% from 2018-19 mainly due to the one-off occurrence of scheme debts being written off.

4.1.11 Depreciation and amortisation

	Forecast	Budget	Change	
	2018-19	2019-20	\$'000	%
	\$'000	\$'000	\$'000	%
Property	6,039	6,312	273	4.5%
Plant & equipment	1,697	1,764	66	3.9%
Infrastructure	14,666	16,764	2,098	14.3%
Intangible assets	214	214	0	0.0%
Total depreciation and amortisation	22,617	25,054	2,438	10.8%

Depreciation is an accounting measure which attempts to allocate the value of an asset over its useful life for Council's property, plant and equipment including infrastructure assets such as roads, bridges, footpaths, and drains.

The increase of \$2.438m or 10.8% over 2018-19 is mainly due to an increase in the value of Council's assets from significant developer contributed assets, completed capital works projects and an increase in the valuation of existing assets.

4.1.12 Borrowing costs

	Forecast	Budget	Change	
	2018-19	2019-20	\$'000	%
	\$'000	\$'000	\$'000	%
Interest - borrowings	2,405	2,155	(250)	(10.4%)
Bank charges	221	265	44	19.9%
Total Borrowing costs	2,626	2,420	(206)	(7.8%)

Borrowing costs relate to interest charged by financial institutions on funds borrowed, and bank charges.

Borrowing costs are budgeted to reduce by \$206k or 7.8% from 2018-19. Interest on loans are budgeted to decrease due to the payment of reducing interest costs on existing loans, partly offset by the interest on a new low interest loan. Bank charges, particularly in the rates area, are expected to increase due to an increase in the volume of transactions.

4.1.13 Other expenses

	Forecast	Budget	Change	
	2018-19	2019-20	\$'000	%
	\$'000	\$'000	\$'000	%
Auditors' remuneration - VAGO	100	102	2	2.5%
Auditors' remuneration - internal	107	114	7	6.7%
Councillors' allowances	306	306	0	0.0%
Operating lease rentals	575	757	182	31.7%
Other expenses	1,282	1,120	(162)	(12.6%)
Total other expenses	2,369	2,399	30	1.3%

Other expenses relate to a range of unclassified items including audit fees, rent and lease expenditure, government fees & charges and other miscellaneous expenditure items.

Other expenses in total are budgeted to increase by \$30k or 1.3% from 2018-19, with an increase in lease rental payments partly offset by a decrease in the other expenses account.

4.2 Balance Sheet

4.2.1 Assets

Current assets are those assets which are able to be converted to cash within twelve months. These current assets are forecast to decrease by \$8.776m, mainly in cash and cash equivalents, which is expected to decrease by \$9.710m as detailed in 3.4 Statement of Cash Flows.

Conversely, non-current assets are those assets that are not expected to be converted to cash within twelve months. Non-current assets are expected to increase by \$97.946m during the 2019-20 year, entirely in property, infrastructure, plant and equipment due to the addition of new assets from completed projects and the recognition of contributed assets.

4.2.2 Liabilities

Current liabilities are those obligations Council must pay within the next year. These liabilities are budgeted to increase by \$3.397m, mainly due to an increase in trade and other payables (creditors).

Non-current liabilities (that is, obligations Council must pay beyond the next year) are expected to decrease by \$1.810m, mainly as a result of an decrease in interest-bearing liabilities due to the repayment of existing loans being greater than the drawdown of the budgeted new loan.

4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	2018-19	2019-20
	\$	\$
Amount borrowed as at 30 June of the prior year	41,678	37,164
Amount proposed to be borrowed	0	3,000
Amount projected to be redeemed	(4,514)	(4,786)
Amount of borrowings as at 30 June	37,164	35,378

4.3 Statement of Changes in Equity

4.3.1 Reserves

Transfers from reserves is the movement of developer infrastructure levies collected in previous years to partly fund the Developer Contribution Plan (DCP) projects in the current year capital works program. Transfer to reserves is the movement of developer levies collected this financial year to reserves to fund DCP projects in future years.

4.3.2 Equity

Total equity always equals net assets and is made up of the following components:

- Asset revaluation reserve which represents the difference between the previously recorded value of assets and their current valuations.
- Other reserves, which are funds that Council wishes to separately identify as being set aside to meet a specific purpose in the future and to which there is no existing liability. These amounts are transferred from the Accumulated Surplus of the Council to be separately disclosed.
- Accumulated surplus which is the value of all net assets less Reserves that have accumulated over time.

4.4 Statement of Cash Flows

4.4.1 Net cash flows provided by/used in operating activities

Operating activities refer to the cash generated or used in the normal service delivery functions of Council.

Net cash inflow of operating activities is forecast to increase by \$11.035m or 18.2% from 2018-19 primarily due to increased receipts for capital grants, rates & charges and developer levy income partly offset by increased payments to suppliers and employees.

4.4.2 Net cash flows provided by/used in investing activities

Investing activities refer to cash generated or used in the enhancement or creation of infrastructure and other assets. These activities also include the acquisition and sale of other assets such as vehicles, property, equipment, etc.

Net cash outflow of investing activities is expected to increase by \$9.581m or 14.2% due to an increase in the costs of the capital works program partly offset by an increase in proceeds from asset sales.

4.4.3 Net cash flows provided by/used in financing activities

Financing activities refer to cash generated or used in the financing of Council functions and includes borrowings from financial institutions. These activities also include repayment of the principal and interest components of loan repayments for the year.

Net cash outflow of financing activities is forecast to decrease by \$2.935m or 41.1% mainly as a result of the drawdown of the budgeted new loan of \$3.0m.

4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2019-20 year, classified by expenditure type and funding

Unless otherwise stated, amounts in the budget have been entered in whole dollars and cents then rounded to the nearest thousand dollars. Total figures in the financial statements and accompanying notes and schedules reflect the true budgeted amount and may differ slightly when rounded figures are manually added due to rounding.

Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

Notes to indicators

1. Adjusted underlying result - An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. The trend is a increasing surplus over the four year period.

2. Working Capital - The proportion of current liabilities represented by current assets. Working capital is forecast to improve over the four year period.

3. Unrestricted cash - 2018-19 restricted cash is impacted by forecast capital carry-overs to 2019-20. The carry-over amount for future years is unknown at this stage.

4. Asset renewal - This percentage indicates the extent of Council's renewals against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage greater than 100 indicates Council is maintaining its existing assets. A percentage less than 100 means its assets are deteriorating faster than they are being renewed and future capital expenditure will be required to renew assets. The trend over the period is unfavourable.

5. Loans & Borrowings - The loans and borrowing balance decreases over the period, due to repayments of existing loans being higher than the value of drawdown of two new loans during the period.

6. Rates Concentration - Reflects extent of reliance on rate revenues to fund all of Council's on-going services. Trend over the period is a higher reliance on rate revenue.

Appendices

The following appendices include voluntary and statutory disclosures of information which provide support for the analysis contained in the earlier sections of this report.

This information has not been included in the main body of the budget report in the interests of clarity and conciseness. Council has decided that whilst the budget report needs to focus on the important elements of the budget and provide appropriate analysis, the detail upon which the annual budget is based should be provided in the interests of open and transparent local government.

The contents of the appendices are summarised below:

- A Fees and charges schedules
- B Capital Works Program
- C Borrowing guidelines

Appendix C

Borrowing guidelines

The purpose of these guidelines is to provide for the effective management of the Council's debt in the short to medium term. Debt does not mean a Council is living beyond its means, debt merely provides an alternative and immediate form of capital to allow works to proceed in line with growth and other associated factors. A zero debt policy is often inappropriate for local government as it implies that current ratepayers are expected to meet the full cost of infrastructure assets, while in reality most of the benefit will actually be gained by future ratepayers.

1. Intent

These guidelines outline Cardinia Shire Council's Borrowing Strategy and its intent is to ensure the sound management of Council's existing and future debt. Whilst the preferred policy position of the Cardinia Shire Council is to reduce the existing debt (except for self supporting loans), the Council recognises that in order to ensure intergenerational equity in funding the acquisition, renewal or construction of assets, it may need to resort to the prudent use of loan borrowings from time to time.

2. Scope

2.1 As part of the Council's continuing commitment to the development of Cardinia Shire and in accordance with Section 146 of the Local Government Act, Council is required, as part of its annual budgetary process, to identify the borrowings planned for each budgetary year.

2.2 These borrowings will include funds borrowed:

- a. to finance the cost of new capital works and asset acquisitions, which cannot be financed from normal Council operating revenues such as rates, fees and charges;
- b. for short-term working capital, which is to be repaid within the current financial year; and
- c. for a genuine emergency hardship.

2.3 Where assets are acquired, the Council will minimise debt servicing obligations by maintaining debt at terms in accordance with the effective life of the class of assets acquired.

3. Objectives

To disclose Council's planned Financial Management for existing and future debt:

- 3.1 Borrowing is the financial funding option of last resort;
- 3.2 Existing assets are to be replaced from depreciation costs;
- 3.3 Operational works are not to be funded from long term debt.
- 3.4 Councils Target is to reduce debt to recommended levels of the MAV and Victorian Auditor General.

4. Policy Principles

4.1 Borrowing Purposes

- a. Borrowings will only be used to finance capital works that will provide services now, and into the future. No borrowings will be used to finance recurrent expenditure and the operational activities of the Council; and
- b. When seeking funding for capital works, Council will, whenever possible, use its existing cash reserves. The use of any existing cash reserves will be subject to maintaining all relevant financial ratios and measures within adopted targets.

4.2 Repayments and Repayment Ability

- a. Borrowings will be undertaken for capital works only where the interest and debt principal repayments can be serviced and relevant financial ratios and measures are maintained within approved targets;
- b. If sufficient cash resources are available, Council may further consider repaying instalment(s) in advance;
- c. Council will continue to discharge this debt in the shortest possible time subject to overall budgetary constraints; and
- d. New loans will be taken up only if the subsequent increase in debt servicing payments allows the total debt servicing ratio to remain within corporate targets.

4.3 Borrowing Sources

Council shall raise all external borrowings at the most competitive rates available and from sources available as defined by legislation.

5. Schedule of borrowings

Total borrowing requirements over the next four years are expected to be in the order of:

- \$3.0m for 2019-20;
- \$8.0m for 2020-21;
- \$nil for 2021-22; and
- \$nil for 2022-23.

6. Controls

Prior to undertaking any borrowing the Council shall assess its capacity to pay, to ensure that the community is not burdened with unnecessary risk. The Council shall then reassess its capacity to

6.1 A report will be prepared as part of budget discussions each year to Council suggesting strategies for debt financial management, with key ratios identified and approval sought for each borrowing requirement annually.

6.2 Detailed capital works and asset acquisition programs for the next five (5) years together with the ten (10) year financial model will provide the basis for determination of funding options.

6.3 Table of Maximum Debt

7. Debt Management: Total Debt as a % of Rates and Charges Revenue
