

10.2 Notice of Motion #1107 - Cr Davies

Motion

1. That the current suburb naming process for the new suburb in the Pakenham East PSP, presently recommended by Council as Honora Fields, is ceased, with view a future council, and or other body, should establish an entirely new process.
That the reasons for this motion are specific failures in governance; these being that;
 - a) that the Councillors influenced a changed Officers recommendation of the recommended name,
 - b) that Officers and Councillors workshopped a rating matrix for the consultation data in full view of the data which compromised the integrity of the consultation and,
 - c) that undisclosed potential perceived conflicts of interests by Councillors and Officers are relevant.
2. That Geographic Names Victoria, the Minister for Local Government and the Local Government Inspectorate are advised of the Council resolution immediately.
3. That all local stakeholders, in particular the Carney and Duff families, Developer and Historical societies, receive a written apology by the Mayor.
