
NOTICES OF MOTION

NOTICE OF MOTION NO. - 1031 - CR JODIE OWEN

I give notice of my intention to move the following motion at the Council Meeting to be held on Monday 19 June 2017.

That to provide additional information to residents in regard to claiming travel allowances and other expenses and in an attempt to be more open and transparent that the following changes be implemented in relation to claiming travel allowance by Councillors:

1. For any costs claimed in relation to attending a committee or meeting, Councillor provide a very brief report in the 'Reports by Councillors' section of the Monthly Council Meeting.
2. If more than one Councillor attends then the Councillors among themselves will decide, which person will provide the report.

These changes will also provide Councillors with the opportunity of promoting the activities of the particular Committee concerned both for the information of fellow Councillors and the public in general and will assist in ensuring that the Councillor is claiming travel allowance correctly within the guidelines.
